

**RESEARCH SEMINAR ONLINE**  
**“Evidence-based approach in Erasmus+ and European Solidarity Corps.**  
**Research in the time of a pandemic”**  
**27<sup>th</sup> of October 2021, Warsaw**

The Polish National Agency of the Erasmus+ Programme and European Solidarity Corps is happy to announce the fifth edition of the seminar on evidence-based policy in Erasmus+ and European Solidarity Corps, which will be held in an online format on 27<sup>th</sup> of October 2021.

This year’s seminar will be devoted to answer the question: how did the pandemic change learning mobility within Erasmus+ and European Solidarity Corps? We will therefore discuss research outcomes of the impact of Covid-19 pandemic on learning mobility within the Erasmus+ and European Solidarity Corps, and the influence of the pandemic on research practices and methodology.

The seminar is open for participants interested in educational research, especially to social and educational researchers whose research interests include international learning mobility. We also welcome representatives of Erasmus+ and European Solidarity Corps National Agencies, beneficiaries of international mobility programmes, trainers and educators working in the field of international education.

Taking into consideration the current available information about the development of the COVID-19 pandemic in terms of new variant(s), vaccination status, travel restrictions and recommendations of the Polish government on the organisation of international conferences, we decided to organise the event in an online format.

In order to register for the seminar, please use the link below. The registration deadline is 15<sup>th</sup> of October 2021.
