“SILENT CONVERSATION”

Youth Exchange

10 – 19 November 2014

Coordinator and Hosting Organization :

Engelsiz Diller Grubu (Informal Group of Young People)
Erzurum/Turkey

Summary:

The aim of our Project is to teach international sign language “Gestuno” at the basic level to people who have come together from different cultures and help to generalise this. After the training we are planning that our participants will be able to communicate with people who are hearing impaired but they know this language and other people who know this language even from different countries. Additionally we are planning as a group of Non-barrier Languages, to provide young people’s skills and their sufficiency who have come together from different cultures and provide opportunity to meet them and live together

- provide with help to learn sign language, people who are not hearing impaired able to communicate with hearing impaired people

- hearing impaired people who play second fiddle have the right to comment on something

- provide opportunity to increasing the activity for hearing impaired

- eliminate the barriers on communicate

- giving a chance for take part to even disable people on an international activity

- to work in a cultural area with youngs who are disable and undisable.

We are planning that our Project will be realised between 10 - 19 November 2014 in Erzurum – TURKEY, with the participation of 5 countries and 30 participants in total. We are planning to get more productive results with provide to our participants have master a subject on outdoor activities, learning games, groups actions and workshops, as well as non-formal education techniques which we will use during our Project. In the next process our aim is activities carried out under the Project also will be realized in partner countries, we are planning to organize various sustainable activities for generalise it at international area.

Location – Date and Participants:

10 - 19 November 2014, we will be in Erzurum / Turkey as total 30 young people from Azerbaijan, Albania, Poland, Romania and Turkey

Each group has to be composed of 6 people as 5 participants + 1 Group Leader. It is quite important for project that the groups come without any missing participant. For this reason all partner groups have to participate with full number of participation.
